A Registration form is enclosed for the ...

July 20 - 23 National Conference on Black Power
24 Rector Street, Newark, New Jersey 07102

Time is running out. We felt that you, and others whom you may know, would want to register in sufficient time for the July 20 - 23 National Conference on Black Power.

The Conference needs the involvement of the most thoughtful younger and older black Americans in thinking through the meaning and the means of developing authentic power for black people.

How many times have you heard such remarks as these? . . . "You can't trust Negro leaders." "I wouldn't go to a colored doctor (or lawyer, etc)." "Colored people have made no contributions to America." "I don't like that term, 'Black Power'; 'blackness' is so dirty-sounding, and my white friends don't like it either." "The younger and older black people will never get together."

The July 20 - 23 National Conference on Black Power needs your participation to help us, as a representative group limited to 400 black Americans, to think through for ourselves the issue of power and unity as they relate to our further self-development into self-directed sufficiency.

Please send your registration form in today.

The Black Power Conference needs you . . . and others like you.

The next general planning session for the Conference will be held here at 24 Rector Street, Newark, New Jersey, on Saturday, June 10, from 10:30 A.M. to 1:30 P.M. Your presence would mean much. This is your conference. Leadership roles still need to be filled.

Of urgent importance is the word which has just come that Ex-Governor Wallace has been scheduled to speak here in Newark on the week-end of our Conference. Please send along your suggestions for our approach to this situation.

Respectfully,

Nathan Wright, Jr. (Ed. D.)
Conference Committee Chairman
